Skillful, creative and highly motivated Architect with seven years experience in diverse office environments developing a well-rounded and rich understanding of architectural practice, design, technology, materials and construction methods necessary to communicate with clients, consultants, and contractors.

EXPERIENCE

Architect & Partner @ NA Design Studio
2010-Current

+ Independently managed multiple projects from contract creation through sign-offs
+ Planned and prepared construction documents for coordination with consultants
+ Developed several BSA variance and special permit approvals with Land Use attorney
+ Facilitated on-site construction management and coordination of field conditions
+ Assisted with interior design options, FF&E services, and specification research
+ Increased productivity 50% by implementing project management efficiencies
+ Improved drafting speed by developing file organization, CAD standards, and details library
+ Managed approvals and plan examinations with DOB, DOT, and Dept. of Parks

Intermediate Architect @ Bricolage Designs
2006-2010

+ Collaborated with inter-office design and production teams
+ Managed design development and construction document sets
+ Demonstrated understanding of Zoning, Quality Housing, and other codes

Freelancer @ NuAn Designs
2010

+ Assisted in clearing DOB objections by revising plans and expediting
+ Acted as consulting designer and coordinator of construction documents

Part-time Intern @ Lester Evan Tour Architects
2003-05

+ Collaborated on CAD drafting projects with design team
+ Developed drafting and surveying skills
+ Fabricated client presentations and model representations
